November 12, 2007

To: Rescue Tech Sales & Service – Ray Little

I presently have in my inventory, one (1) 2006 Ford E-450 / Marque Brigadier-III Ambulance, #4248, due to a customer cancellation at time of delivery. This vehicle was ready for delivery in March 2007 and currently has approximately 3500 miles.

Keystone Emergency Vehicles, Inc. has been unsuccessful in selling this vehicle and we are asking for your help. I have attached a specification sheet for this vehicle; however, please note that the vehicle is in the process of being painted all white at Marque. The paint job should be complete very soon.

As you can see from the attached sheet, the vehicle is very well equipped. The work order for this vehicle as well as the drawings is available and can be emailed to you.

I am also planning on sending a direct mail advertisement to all Marque customers. There will be no pricing in the ad. If I receive any inquiries from a potential customer in your sales area, I will forward that lead to you immediately without any discussion of price etc.

Any help that you can provide in finding a home for this ambulance would be greatly appreciated. Please contact me at your convenience with any questions.

Respectfully,

J. LeRoy Wallace

President
